## TRICITY CEMETERY RECEIVES DEED FOR ADDITIONAL SPACE

Walter Ashley, Chairman of the Trusteeship which has acquired a cemetery site for the three Glades cemeteries, South Bay and Belle Glade, announces that Sam Chastain has donated an additional acre to the cemetery.

Negotiations for the additional acre to square the plot around the old cemetery, which is being conducted with the owners, and this is expected to be consummated in the near future.

Until the three cities got together and formed an organization to buy the land, the cemetery in the Glades was a problem.

Under the present arrangement each of the three cities appointed a member of the Board, and each City is responsible for any costs in proportion to its population census compared to the total of the three. Under this arrangement Belle Glade is responsible for 37% of the total, and the other two cities are responsible for 31% each.

According to Mr. Ashley, the immediate past year a total of \$1935 was received on this work which is a part of the budget expectancy of \$300. Proper operation of the cemetery will bring in an additional revenue and the demand is growing.

Mr. Ashley said, "We are fortunate in having the Board composed of men who work together well toward the successful operation of this most important necessity."

Provisions are being made to the cemetery, and the additional acre is being obtained, according to Mr. Ashley.

According to Mr. Ashley, the cemetery is being obtained, according to Mr. Ashley.

## CITY PETITIONS COURT TO DISSOLVE INJUNCTION

A counterclaim and answer was filed in Circuit Court last week by the City of Belle Glade in the suit for an injunction asked for by Almax, Inc., and Rader Properties. Both suits seek to hold off a demolition order handed down by the City of Belle Glade against condemned buildings owned by both parties.

The city claims in the counterclaim that notice was given to the owners to repair dangerous buildings and that a notice to appear at a hearing to show cause why the buildings should not be demolished was issued, but that each owner failed to show just cause.

Now the city is petitioning the court to determine whether the buildings are dangerous and a public nuisance and ask that the temporary injunction granted by the court to Almax, Inc., and Rader Properties be dissolved.

Members of the city council are expected to appear at the hearing to show cause why the buildings should not be demolished.

### LOOK TO THE DAWN

(Continued from Page One)  
The transformation of the South from post-Civil War day to its present economic position in the U. S. is depicted thru chapters realistically and authentically portraying.

The romantic angle is entwined with some hard factual stories of the "weakness of the flesh" to an extent that prohibits the story being depicted as a "Fiesta Tropical Night" which will be held at the Miami Beach Auditorium.

Mrs. Nash will take with her to Miami Beach, bags of "Black Gold" and brochures on Belle Glade donated by the Chamber of Commerce which will be attractively displayed in the "Florida Room" to be maintained at the Honey Plaza Hotel, Convention Headquarters by members of the Florida Group.

Mrs. Nash's two children, Millicent and Lawrence will accompany her to the conventions.

The book and its proceeds locally, it is reported.

**LOCAL FFA BOYS WIN FIRST AND SECOND IN RODEO AT INVERNESS**

Members of Belle Glade Chapter F.F.A., who participated in the State Rodeo for FFA Boys at Inverness, proved themselves real cowboys.

Kenneth Perkins, Babe Bradwood and Donnie McDonald entered all events. Kenneth Perkins won the rodeo, and Babe Bradwood won the rodeo.

When riding in the rodeo, the boys were given a prize of \$100.00 cash in riding on Saturday.

The boys say the rodeo was not tame, and for them it might expect - nothing but wildest and meanest bulls and bucking broncos were used.

The rodeo was sponsored by the Inverness Rodeo Association for FFA members. The rodeo was the rodeo for the boys of the rodeo.

There were fifty-nine boys from all over the state entered in the rodeo, and the boys will enter the rodeo at Inverness on Labor Day.

**LAST RITES HELD FOR EXPLOSION VICTIM**

Harry Smith, 52, of South Bay, succumbed early Friday from severe burns which he suffered early in the morning when the motor of a barge he was working on in the Miami Canal at Lake Harbor, exploded, hurling him 15 feet in the air.

Smith had been a resident of South Bay for the past 3 years coming from St. Simons Island, Ga. He was a member of the Church of England and had been a member of the South Bay, 3 daughters, Mrs. Hugh Culburn of Dayton, Ohio, Mrs. J. T. Culburn of Groveland, N. C., and Miss Josephine Smith, of South Bay; 1 brother, George, Smith, of Stockport, England, one sister, Mrs. Sydney Thurnell, Stockport, England, and a granddaughter.

A memorial service will be held at the Lake Harbor Baptist Church at 10 o'clock Saturday afternoon at Fredericks Cemetery, St. Simons Island, Georgia.

The family requested that friends please not bring flowers. Contributions may be sent to the Belle Glade Memorial Hospital, where he died, in his memory.

Wetherington Funeral Home had charge of arrangements.

### PROPOSED REDUCTION ON CEMENT FREIGHT NOW CALLED OFF

The Florida Railroad Commission recently issued an order reducing the freight on cement with a saving of approximately 12c per bag, effective last week from \$4.12 to the Glades with those to the east coast.

This reduction was on representation of the railroads and the Glades with those to the east coast.

Now the Commission is hearing the call of the Truckers Association protesting its original decision.

A clear case of discrimination by the truckers in asking the Commission to equalize rates by the Commission in reversing itself when its decision is based on a request by a carrier and by its own studied efforts to secure equity.

**NEW POST-WAR RECORD FOR FLORIDA ON U. S. SAVINGS BONDS SALE**

"Series E and H Savings Bonds" ran up a new post-war record for Florida when the Federal Reserve Bank reported \$2,240,500 for a total of \$5,954,367, according to the Glades Savings Bond Committee Chairman, Edward N. Lively.

"Palm Beach County's contribution to this winning record was \$191,700, and brings the county's total for the first 7 months of 1954 to \$1,655,873."

"Lively said, 'and produced sales volume 54.5% ahead of July 1953 and 17.4% better than the same seven months last year.'

"The H Bond sales figure of \$2,240,500 also set a new record for a month's sale of this issue, since this new Savings Bond was first announced on Jan. 1, 1952," Mr. Lively said, "Palm Beach County purchasers of the new current issue bond in July brought \$86,000. It's in-going popular and can be attributed to its absolute safety and its high rate of interest return paid by Treasury check every six months from date of purchase which averages out at 4 1/2% compounded semi-annually. It is available in denominations from \$500 to \$10,000 and an individual may buy up to \$20,000 of this series each calendar month. For example, he've bought \$21,357,000 in the 26 months they have been available," Mr. Lively concluded.

**LOCAL EDS MEMBERS ATTEND DINNER AT PAHOKEE CHAPTER**

### SLUMBER PARTY AT V. N. GREER HOME

Mrs. and Mrs. V. N. Greer entertained a group of children with a slumber party at their home on West Palm Beach Road Tuesday night, complimenting their daughter, Gloria, who returned last week from a six-week visit in Fayetteville, North Carolina.

Mrs. Vance Greer, who is stationed at Fort Bragg, was accompanied by her wife, Ruth, and her six children, who were with them for a visit at their home in Fayetteville.

Guests at the Slumber Party who attended the Hugo Hotel on Tuesday evening and were guests at a late breakfast at the Greer home Wednesday morning, were Carol Jean McClure, June Nester, Sharon Blair, Lucille Strickland and Mary Mathewson.

**CONGRESSMAN ROGERS OUTLINES DAD NEEDS AT NATL CONVENTION**

Congressman Dwight L. Rogers of Fort Lauderdale, 8th District, has issued the following statement to the 33rd national convention of the Disabled American Veterans in Miami Beach, Florida, August 15-21, in response to the query, "What in your opinion does the disabled veteran need most?"

"We owe a sacred and binding debt of gratitude to our veterans and in particular to our disabled veterans. They sacrificed their health and well-being for their country and there is nothing too good for them."

"The Congress should adequately provide hospitalization to meet the needs of the disabled veteran; Congress should provide for ample compensation for medical needs and necessary appropriations to provide all medical needs."

"The program for the needs of the disabled veteran should include construction of 10,000 churches and religious organizations for their spiritual and moral betterment."

**C.I.R.D. THANKS**  
With deepest gratitude I thank this word of thanks for the many kind acts of sympathy, expressed by thoughtful friends during the illness and death of my Mother. These kindnesses have meant much to me.

### DELEGATION IN

(Continued from Page One)  
state has been lowering over the years as the population of both man and beast demands more fresh water.

The balance of the State of Florida is coming to regard fresh water and flood as not academic subjects - the Glades is five to ten years ahead of most other areas.

We find Dade and Broward counties heartily supporting the flood control works, and the public generally is waking to the importance of the Overall Plan.

Stuart finds itself now in the middle of a muddle - a situation caused by the St. Lucie which was constructed to help control the Lake is filling the estuary and causing "mud in the eye" for their fish.

The efficiency of OUR representatives in Washington, Holland, Smathers and Rogers, aided by the entire Delegation is indicated in the works provided and planned. You and I.

WASHINGTON  
NEWS LETTER

Members of the Senate recently have had occasion to ponder the mystery, "The Lost Week," as we move spasmodically toward completion of the year's legislative work. So much time was lost recently that the schedule was abandoned some time ago, and there is no certain date for adjournment even at this time being written.

The unexpected, prolonged filibuster on the Atomic Energy Bill made it apparent that the July 31 closing date would not be met, and a week later, it appears that the fight over the McCarthy issue has indefinitely prolonged the session.

George on McCarthy issue has been spreading the Senate at the conduct of the junior senator from Wisconsin. Likewise, it has spread throughout the land, and disturbed our citizens everywhere. As evidence, I have received within recent days 211 communications on the subject, of which 180 oppose McCarthy and 108 support him. Senator Holland told the Senate the other night that his 88 communications were precisely divided, 49 each pro and con. I do not know of anything which could be so clearly divisive.

Obviously, I am moved by the occurrences and have formed definite opinions regarding aspects of this question. But the resolve of each senator now must be to maintain an open mind until full report is made upon the facts, as will be. We were forcibly reminded that the other night by Senator Walter George, who said:

"When the Senate sits to punish . . . by way of a censure, it sits in the capacity of a judicial tribunal. There can be no doubt of it. All the power we have comes from the constitution itself, and if we cut loose from that power, we have

no power except the inherent power of every voluntary organization . . . to preserve order. So that is no doubt that the proceedings here partake of the nature of a judicial inquiry, leading to a judicial decision."

So that is no doubt that the proceedings here partake of the nature of a judicial inquiry, leading to a judicial decision."

## 2-SMATHERS LETTER

that fighting American slogan and declares "Billions for Food, but not one cent for waste."

Florida farmers themselves led the successful fight to end the wasteful buying of surplus potatoes, which were dumped with kerosene and burned. I believe they still want us to bolster the economic stability of agriculture, but that wasting billions in taxpayers' dollars, as well as pounds of unneeded foodstuff and other farm commodities, is unnecessary.

Western Hemisphere Gains Scores of Floridians have written me since we increased, in the Mutual Security Bill, the appropriations to Latin America, and by an overwhelming vote, indicated a positive desire to shift to these "Good Neighbor" nations more of the emphasis in our worldwide security and anti-Communist program.

The vote in the Senate was a great satisfaction to me because so many of my colleagues, both Democrats and Republicans, openly joined me in the fight I have been making for so long. The vote was 86 to 2, and I am convinced that at least one of these votes was due to a misunderstanding of the issue.

It is apparent that the vote already has had a salutary effect not only in the Executive Departments, but along E. J. Rusk's way.

## MEDICAL FORUM DATES AND SUBJECTS CHOSEN

The five Free Medical Forums to be held October 19th and 20th and November 2nd, 9th, and 16th, in the Palm Beach High School Auditorium are being worked on by Dr. C. L. Kelley, Chairman of the Forum Committee and its members, Dr. C. J. Derrick, Dr. B. F. Barney, Dr. Y. A. Staton, and Dr. B. B. Sory, Jr.

Careful study of the many suggestions sent in to this committee has brought about the selection of the five topics and the moderators for the Forums. "Find Out What You Can Do About Your Troubles" will be the topic for Tuesday evening, October 19th. Dr. C. J. Derrick will be Moderator.

"Skin Diseases Peculiar to Florida" on Tuesday evening, October 20th, with Dr. B. F. Barney as Moderator should prove most informative.

"Surgery As A Means To Good Health" will be led by Dr. B. B. Sory, Jr. on Tuesday evening, November 2nd.

"Eye, Ear, Nose and Throat Field" is the topic of the Forum led by Dr. Y. A. Staton, on Tuesday evening, November 9th.

And on Tuesday evening, November 16th, the Free Medical Forums, staged by the County Medical Society with the cooperation of the County Health Department and the Palm Beach Post-Times, will close with Dr. C. L. Kelley leading a discussion on "Learn How To Treat Your Heart."

The six doctors to serve on each Forum are being selected by the Moderators and within a short time work will start on the actual programs.

"Had the public been able to attend this meeting of our Committee and see the thought given the many requests received from the public, it would realize the difficult task it is to cover all the fields suggested."

"These Forums will answer questions on Epilepsy, The Care of the Expectant Mother, Neurology, Fertility, Overweight and Diet, Arthritis, Grand Isth, Bronchitis, Gall Bladder, High Blood Pressure, Rheumatic Fever, Eye, Ear, Nose and Throat and many others. We are incorporating in each Forum a number of problems, aiming to give in the hour and a half program a great deal of requested information," stated Dr. Kelley.

Aside from the members of the Committee working on the first steps to Dr. R. D. D. Hoover, past chairman of the Forums, Mr. Margaret F. Bodensten, Executive Director of the Heart Association of Palm Beach County and Secretary for the Forum.

Dr. Sory in commenting on the meeting said: "The public is thinking of better health habits and is seeking ways and means to better their health in our community. This is our purpose in having the Forums and it is therefore gratifying to all of us to have such interest."

"We now want questions on these Forum topics from as many who wish to send them in. We must look for immediate response as the time element is most important. Just send your questions to the Forum Office, 808 Harvey Building."

## DENTAL INFORMATION TO BE GIVEN FLORIDA SCHOOL CHILDREN

Florida's thousands of school children are to receive accurate

and up-to-date information on care of the teeth, according to an announcement made this week by Dr. Robert Thuburn of Daytona Beach, president of the Florida State Dental Society.

In cooperation with the State Department of Education and Zollie Maynard, Consultant on health education, said Dr. Thuburn, "text books used in grade and high schools containing the economic stability of agriculture, but that wasting billions in taxpayers' dollars, as well as pounds of unneeded foodstuff and other farm commodities, is unnecessary."

Western Hemisphere Gains Scores of Floridians have written me since we increased, in the Mutual Security Bill, the appropriations to Latin America, and by an overwhelming vote, indicated a positive desire to shift to these "Good Neighbor" nations more of the emphasis in our worldwide security and anti-Communist program.

The vote in the Senate was a great satisfaction to me because so many of my colleagues, both Democrats and Republicans, openly joined me in the fight I have been making for so long. The vote was 86 to 2, and I am convinced that at least one of these votes was due to a misunderstanding of the issue.

It is apparent that the vote already has had a salutary effect not only in the Executive Departments, but along E. J. Rusk's way.

The five Free Medical Forums to be held October 19th and 20th and November 2nd, 9th, and 16th, in the Palm Beach High School Auditorium are being worked on by Dr. C. L. Kelley, Chairman of the Forum Committee and its members, Dr. C. J. Derrick, Dr. B. F. Barney, Dr. Y. A. Staton, and Dr. B. B. Sory, Jr.

Careful study of the many suggestions sent in to this committee has brought about the selection of the five topics and the moderators for the Forums. "Find Out What You Can Do About Your Troubles" will be the topic for Tuesday evening, October 19th. Dr. C. J. Derrick will be Moderator.

"Skin Diseases Peculiar to Florida" on Tuesday evening, October 20th, with Dr. B. F. Barney as Moderator should prove most informative.

"Surgery As A Means To Good Health" will be led by Dr. B. B. Sory, Jr. on Tuesday evening, November 2nd.

"Eye, Ear, Nose and Throat Field" is the topic of the Forum led by Dr. Y. A. Staton, on Tuesday evening, November 9th.

And on Tuesday evening, November 16th, the Free Medical Forums, staged by the County Medical Society with the cooperation of the County Health Department and the Palm Beach Post-Times, will close with Dr. C. L. Kelley leading a discussion on "Learn How To Treat Your Heart."

The six doctors to serve on each Forum are being selected by the Moderators and within a short time work will start on the actual programs.

## Esther Williams Visits Silver Springs

M-G-M has "lowered the boom" and with it an ancient Roman galley into Silver Springs where they will film portions of Esther Williams' new technicolor musical "Julius the Darling." George Sidney who produced Show Boat and Rose Marie will be the director. Having a liking for Florida locations and a need for the crystal clear waters of Silver Springs they will film an underwater chase in which Esther is pursued by husky Roman soldiers through the ruins of an ancient galley. The filming will take place on or adjacent to the bathing beach.

### Buick's biggest hit brings you a 3-way bonus

1. You get the car that's in step with tomorrow
2. You get the car that's a sure high resale value
3. You get a bigger allowance from our volume business

From stern to stern, Buick today is styled a year ahead — with long, low glamor lines, with the very look of tomorrow, and with that broad panoramic windshield that many other cars won't have till 1955. Equally important, you get in Buick advanced V8 power, big room, luxurious comfort, the famed Million Dollar Ride — and all for prices that start just a few dollars above those of the so-called "low-price three". Is it any wonder, then, that Buick today is outselling all other cars in America except two of these "low-price three"?

Buicks have always had a high trade-in value. But the 1954 Buick has an extra advantage in its year-ahead styling. That means your Buick will stay well up in the style parade for years to come — will stay fresh and new-looking well into the future. So you're bound to be way ahead in actual dollars when trade-in time comes.

Every month's sales figures this year have affirmed this fact: Buick sales are soaring; Buick is outselling all other cars in the nation, regardless of price range, except two of the "low-price three." So with this tremendous volume, we can — and do — offer higher trade-in allowances. Come in, see and drive a new Buick — then check for yourself that our volume business really does mean a far bigger allowance for you.

# VACATION JOYS DIMMED BY MOTHER'S DEATH

Sad news awaited the T. N. Brent family when they returned last week from an extended trip which took them to Canada and a tour of fifteen states.

Mrs. Brent's mother, Mrs. A. G. Bruewell, passed away August 7, at her home in Adrian, Georgia and the family could not locate the death, who were enroute home at the time. They had visited the Mother as they headed North and found her in ordinarily good health. She was 83 years old.

The Brents left Belle Glade June 30, and were being during their stay in Canada of Mr. and Mrs. Earl E. Westman in Semco, Ontario. They found the weather there most invigorating — sweeter type — Mrs. Brent stated. Enroute home they visited in Detroit and Chicago and stopped at Niagara Falls just five days before Prospect Point camp in there. They also visited the Gruber family in Ohio.

# AIR FORCE REENLISTS NOW ENTITLED TO BONUS

Any member of the Air Force who reenlists in the Regular Air Force within 90 days after the date of last discharge or release from active duty in the Air Force is entitled to a reenlistment bonus under Public Law 508.

The new Act, approved by the 83rd Congress July 16, amends Section 207 of the Career Compensation Act of 1949 and adds a new Section, 208, to the Act.

The reenlistment bonus is computed by multiplying the number of years for which the member reenlists by: 1. An amount equal to one month's basic pay to which the member was entitled on date of discharge or release from active duty for the first reenlistment.

2. An amount equal to two-thirds, one-third, or one-sixth of one month's basic pay to which the member was entitled on date of last discharge or release from active duty for the second, third or fourth subsequent reenlistments respectively.

Only those reenlistments for which a reenlistment bonus was authorized will be counted in determining the number of the reenlistments for which the reenlistment bonus is payable.

Further information concerning restrictions and Air Force Regulations governing the new bonus may be obtained from the local U. S. Air Force Recruiting Office, located in Belle Glade, at the Draft Board, on Tuesday from 9 am until 12 Noon, each week.

# TWO MORE LOCAL BOYS ENLIST IN U. S. NAVY

Cedric Vernon Strohle of 205 S. Main Street and Raymond Francis Plank, Lake Harbor enlisted last week in the U. S. Navy and left for Jacksonville. From there they will proceed to San Diego for Recruit Training.

"French" Laverit, Navy Recruiter for this area, who enlisted young Strohle and Plank, said that the Navy is wide open for enlistments now. Interested young men may see La Verty at the local Draft Board from 9 till 12 every Tuesday of the week.

# LITTLE DRIPS MAKE BIG BILLS

Don't have buckets and pans catching water from a leaky roof. Next comes a storm and the damage is done! Before this happens to you, invest in reliable Ruberoid Asphalt Roofing. A Ruberoid roof gives complete protection in driving rain-storms and Florida hurricanes! Reason: Its base is a heavy felt back of strong, elastisficers intricately interwoven: a powerful salarant; and heavy weather-resistant coating. Glades will gladly estimate the cost of a new Ruberoid roof for your house.

FLORIDA POWER & LIGHT COMPANY

Be sure you get the best of these big 4

- 1 price**  
Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to suit for less.
- 2 economy**  
What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest amount of all for keeping upkeep costs down over all the miles you drive!
- 3 performance**  
Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the higher-compression power of any leading low-priced car. Come in for a demonstration ride!
- 4 appearance**  
You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price class with the smooth and graceful beauty of body by Fisher. It's the look America likes best!

Now's the time to buy! Get one big deal! Enjoy a new Chevrolet!
